Untangler

Untangle wires from different everyday objects!

Submitted by <Aniket Rajnish / Makra>

*Please note you might be asked to adjust Unity and Xcode version through publishing stages

The Game in a Nutshell

The Basics

Untangle wires from different everyday objects like headphones, open circuits, charger etc! The player can touch and drag to untangle the wires.

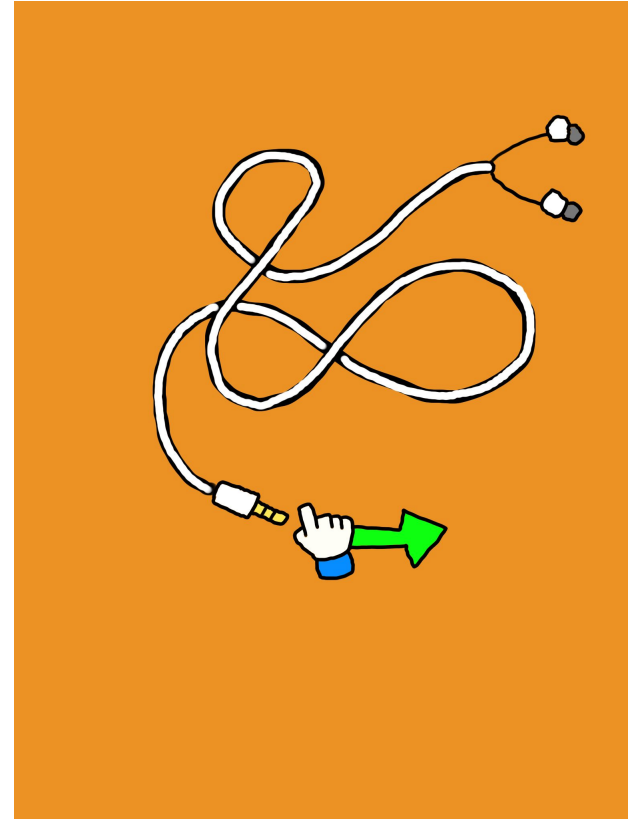

Sub Genre

Puzzle

Mechanic Puzzle

Controls

Touch / Joystick

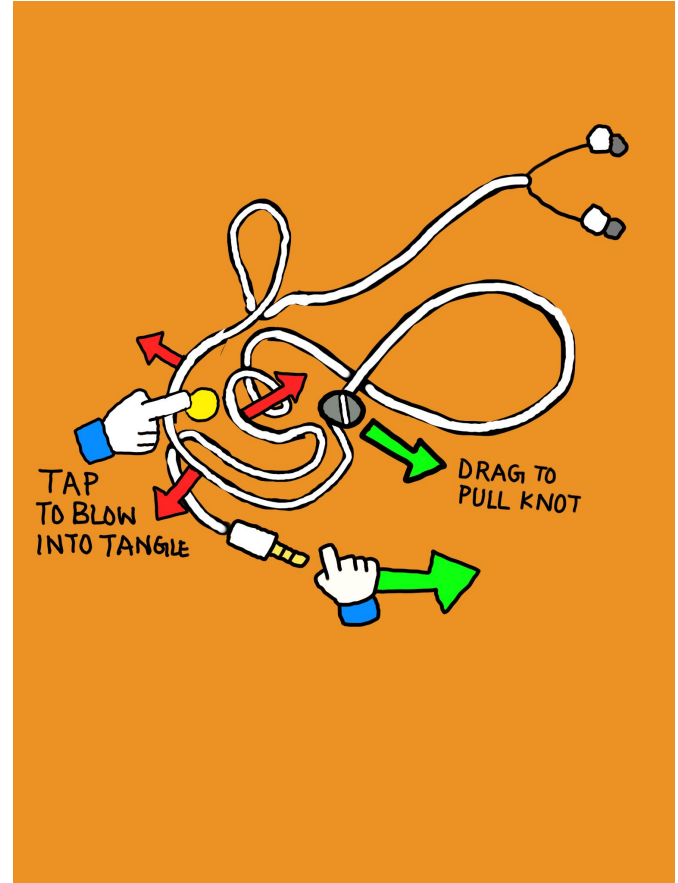

Difficulty and Progress

How do I progress at this game?

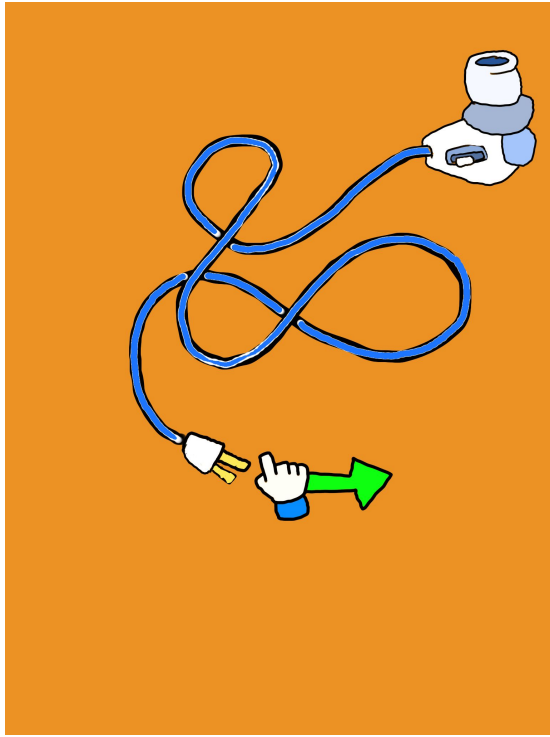

- More complex tangles with knots as you progress.
- Get power ups that can untangle multiple knots at a time with satisfying effects.

Lose Conditions

- If the object becomes more and more untangled!

The Video Ad

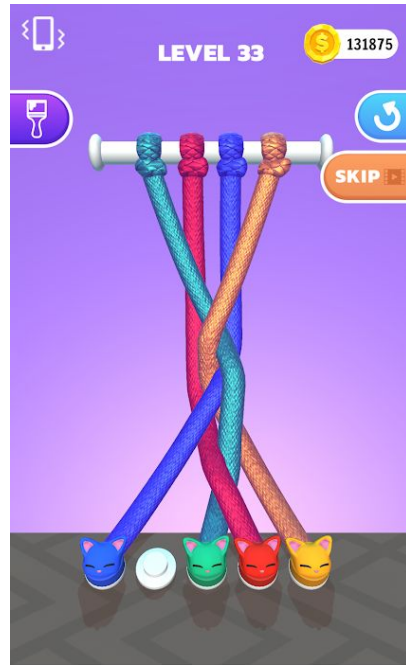

What are we going to see in the ad?

- A player can be seen crying while hearing some unpleasant & distorted noise from his headphones and then the player untangles the headphones and the player becomes happy!
- A clip saying “Can you untangle these?” with the player not being able to untangle the given object and then the viewer being prompted to download the game.
